Sunny
Surrogacy

info@sunnysurrogacy.com

We are an international surrogacy, fertility, human reproduction, and egg donation clinic based in México City.

For the past few years, we have offered to homosexual couples, heterosexual couples, single men and women, Attractive surrogacy programs for patients from the United States, Spain, México, Japan, Russia, and Ukraine.

All our surrogacy women have to go through medical examinations, toxicology tests, and psychological tests.

Autorizaciones obtenidas por ofepris México
20-AM-016-0001
20-TR-09-016-0001
20-TR-09-016-0002

What do we deal with?

- 01.** Coordination of the entire medical producer
- 02.** Legal advice, throughout the treatment, until the baby's registration
- 03.** Maternity insurance for the surrogacy women
- 04.** Transportation and hospitality (itinerary of the entire procedure)

Agency plans

This process involves a large number of professionals and specialists in different aspects and areas

For this reason, at INOVAVITA we seek to create that synergy between the agency and the clinic, guaranteeing the best service and results for your patient.

Get to know our plans and let's go together for a new life.
