Together, we make parenthood possible.

The surrogacy process with Circle

The surrogacy process is comprised of milestones that mark your journey to parenthood. Prospective parents interested in growing their families through surrogacy are encouraged to work with an agency like Circle Surrogacy to ensure a safe, legal and organized arrangement.

.....
Here's what our process looks like:

- **Complimentary consultation.**

During this session, you share your story with us, and what brought you to surrogacy. On our end, we'll walk you through the program details and legal framework.

- **Your dedicated team.** Once you sign on, you'll be assigned a Journey Coordination team to support you through every step of the process.

- **Surrogate and egg donor (if needed) matching.** We'll help match you with women who meet your criteria, and share your beliefs and hopes for family building.

- **Pregnancy.** We'll guide you through the pregnancy, assist with legal work and help prep you for the arrival of your baby.

- **Ongoing support.** You're part of the Circle family, and our support doesn't stop once your baby is in your arms. We'll continue to offer guidance when you need it.

An All-Inclusive Cost Program

- 100% refund of our agency fee if you have no embryos remaining and do not bring home a baby.
- No surprise costs or invoices.

Our programs include:
